**EXECUTIVE
OFFICER/APCO**

Dear Mr. Whiteside:

The purpose of this letter is to issue an administrative amendment to the Major Facility Review permit for your facility.

Because amendments to the conditions regarding monitoring for BAAQMD 9, Rule 10, Nitrogen Oxides and Carbon Monoxide from Boilers, Steam Generators, and Process Heaters in Petroleum Refineries, and to the monitoring for flares are still pending, the District has decided to postpone the future effective date to December 1, 2004. The District is making this change to non-federally enforceable permit conditions pursuant to BAAQMD Regulation 2-6-201, Administrative Permit Amendment. The changes will be published when the District sends the proposed reopened permit to EPA for their review.

This amendment affects the following portions of your permit:

- Tables IV.A.2.1, IV.A.3.2 AND IV.A.3.3 in Section IV of the permit
- Tables VII.A.2.1, VII.A.3.2, and VII.A.3.3 in Section VII of the permit
- BAAQMD Conditions #17628, #17631, #18003, #18350, #18387, #18391, and #18656

If you have any questions regarding this amendment, please call Steve A. Hill, Permit Evaluation Manager, at (415) 749-4673, fax (415) 749-5030.

Sincerely,

Signed by Brian Bateman for Jack P. Broadbent
Jack P. Broadbent
Executive Officer/Air Pollution Control Officer
